**Oily skin and shiny nose**

*How to correct them*

That bug-bear of so many—an oily skin and shiny nose—has various contributory causes. Whatever the cause in your case, proper external treatment will relieve your skin of this embarrassing condition.

Begin tonight the following Woodbury treatment. You will feel the difference in your skin the first time you use it.

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for a few minutes with a piece of ice.

This treatment will make your skin

fresher and clearer the first time you use it. Make it a nightly habit and before long you will see a marked improvement—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

**Do this today!** A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Go to your druggist or toilet counter today and get a cake. Begin at once to get the benefits of this treatment for your skin.

*Woodbury's Facial Soap is for sale by every dealer and druggist in greater New York and, in fact, by dealers everywhere throughout the United States and Canada. Made by The Andrew Jergens Co., New York and Cincinnati.*
