Painted by F. Graham Cootes

A Skin you love to touch

This beautiful picture in full colors FREE—get your copy today as offered below

Full color reproductions of this beautiful painting have been made so that you may have one as a constant reminder that you, too, can have a radiant complexion, a soft, velvety skin—one you love to touch. Can you imagine possessing a greater charm?

Whatever the condition is, that is keeping you from having this charm now, it can be changed. Your skin, as it is now, is not a lifetime possession by any means. If you have thought so, you have overlooked this big fact: Like the rest of your body, your skin is changing every day. As old skin dies, new forms in its place.

This is your opportunity

By the proper external treatment, you can make this new skin just what you would love to have it. Or—by neglecting to give this new skin the proper care as it forms every day, you can keep your skin in its present condition and forfeit the charm of "a skin you love to touch." Which will you do? Will you begin at once to bring to your skin that charm you have longed for? Then use the following treatment tonight and make it a daily treatment thereafter.

How to get your copy of the picture FREE

If you want to get—free—your full color reproduction of the beautiful picture above; if you want to begin at once to bring to your skin this charm of "a skin you love to touch" do this now: Go to your druggist or toilet counter and get a cake of Woodbury's Facial Soap. With it, your druggist or dealer will give you free your copy of F. Graham Cootes' beautiful painting above. It is 15 x 19 inches and has been reproduced in full colors by a new and beautiful process.

This offer is good for one week only—from November 19 to November 26—and only one picture will be given with each purchase of the soap. If you cannot go direct to the store now, tear out the cake and put it in your purse—it will remind you to get your picture before the time is up.

Woodbury's Facial Soap is for sale by every dealer and druggist in Greater New York, and in fact by dealers everywhere throughout the United States and Canada. Made by The Andrew Jergens Co., New York, Cincinnati and Chicago.

Lather your washcloth well with Woodbury's Facial Soap and warm water. Apply it to your face and distribute the lather thoroughly. Now with the tips of your fingers work this cleansing antiseptic lather into your skin, always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. Finish by rubbing your face for a few minutes with a piece of ice. Always be particular to dry your skin well.

You will feel the difference at once

Every day this treatment frees your skin of the tiny, old dead particles. Then it cleanses the pores, brings the blood to the surface and stimulates the small muscular fibres. It is very easy to use this treatment for a few days and then neglect it. But this will never make your skin what you would love to have it. Use the treatment persistently and in ten days or two weeks your skin should show a marked improvement—a promise of that greater clearness, freshness and charm which the daily use of Woodbury's always brings.
