For cuts, burns and bruises. Keep cuts and wounds from becoming dangerous. In the past, thousands of people have become ill and have even died through not using an antiseptic as soon as hurt. Don't take chances, fight disease as they do in hospitals. One invisible germ in an open wound may result in a fatal illness. Cleanse the wound immediately with a solution of one teaspoonful of Sypho-Nathol to a quart of warm water. Then cover with a dry bandage. This will relieve the pain, retard the flow of blood, prevent germ infection and quicken healing.

Wonderful for burns. For burns, use a teaspoonful of Sypho-Nathol to a quart of water. Apply gauze, cotton or soft linen soaked in this solution. It relieves the terrible pain, and often prevents blistering. Today, get a 10c bottle of CABOT'S Sypho-Nathol.

None genuine without this signature. The U. S. Government has pointed out that many so-called antiseptics and disinfectants have no more germ-killing value than water. For safety, see that you get Sypho-Nathol. Endorsed by Dr. Harvey W. Wiley, Director of Good Housekeeping Bureau of Food, Sanitation and Health, and Prof. L. B. Allen, Director, Westfield Laboratories. In bottles of four sizes; 10c, 25c, 50c, and \$1.00. Sent prepaid on receipt of price if your druggist has not Sypho-Nathol. Booklet telling uses and directions with each bottle. The Sypho-Nathol Co., 28 Medford Street, Boston, Mass.
