A Good Bookcase for the price of a good book!

Among the prettiest gifts of nature are Herrmann's

CROCUS SPECIOSUS

the fall flowering sisters of the spring crocus. They are not new to the botanist, but an almost forgotten treasure; they have been brought to light again by our specialist and, after four years' trial, we offer them to the public.

Crocus Speciosus are large in size, silky in texture, and of the light and deep colors of heaven. When the flowers begin to color these dainty messengers in blue appear above the brown soil, bud after bud, flower after flower, year after year, telling us not to dread the winter, not to forget that spring is coming again, to hope!

Crocus Speciosus are hardy and our winters will multiply in the border. Planted now they will begin to bloom in about 14 days and be in their glory in 3 to 4 weeks. Therefore, order at once.

2 colors: sky blue, dark blue.
