Among the prettiest gifts of nature are Herrmann's **CROCUS SPECIOSUS**, the fall flowering staters of the spring crocus. They are not new to the botanist, but an almost forgotten treasure; they have been brought to light again by our specialist and, after four years' trial, we offer them to the public.

Crocus Speciosus are large in size, silky in texture, and of the light and deep colors of heaven. When the leaves begin to color these dainty messengers in blue appear above the brown soil, bud after bud, flower after flower, year after year, telling us not to dread the winter, not to forget that spring is coming again, to hope!

Crocus Speciosus are hardy, stand our winters well and multiply in the border. Planted now they will begin to bloom in about 14 days and be in their glory in 3 to 4 weeks. Therefore, order at once.

2 colors: sky blue, dark blue.  
6 for 20c, 12 for 35c, 100 for \$2.50, prepaid in the U. S.

An innovation in alarm clocks—A "Precisional" Reminder.

No other clock like the WIZARD. The WIZARD will do what no other clock can do: it will alarm with loud ring or signal with soft buzz as desired. Its computing bezel opens up a field of usefulness for the WIZARD beyond the sphere of any other alarm clock. It will notify any predetermined time minutes or hours away, always at the exact minute. It will set from the face instantly for any fractional interval and alarm stop and reset automatically when computing bezel is turned for another "minute" interval.

The WIZARD is the most useful alarm clock on the market. Price \$3.50. If your dealer cannot supply you we will. Postage prepaid on receipt of price.

# THE TRIBUNE INSTITUTE

conducted by  
The New York Tribune

ALL HOUSEHOLD APPLIANCES ILLUSTRATED ON THIS PAGE HAVE BEEN TESTED AND APPROVED BY THE TRIBUNE INSTITUTE  
DETAILED DESCRIPTIONS OF ALL THESE UTENSILS ON PAGE 6, PART IV.

**CONTINENTAL SANITARY CLOTH WINDOW VENTILATOR**—Made by the Continental Company, 1120 Penobscot Building, Detroit, Mich. This ingeniously simple contrivance solves the problem of ventilating a bedroom on a stormy winter night when the wind blows snow, rain or sleet directly into the room. The cloth is open enough in weave to admit the fresh air, and close enough to keep out the storm and so save woodwork and furniture. It is tightly stretched and acts on the principle of a tent or umbrella. Its use will save many a morning headache, due to insufficient ventilation on winter nights. Adjustable. Prices 25 to 40 cents.

**FELTOID CHAIR TIPS**—Made by Burns & Bassick Company, Bridgeport, Conn. Peace and quiet, as well as long life for polished floors and linoleum are gained by the use of these little felt slippers for the feet of chairs. They are a blessing alike to the housewife and to the man who wants quiet at home. Price, 15 cents per set of four.

**EMPIRE SAFETY WINDOW FASTENER**—Made by Corbin Cabinet Lock Company, New Britain, Conn., and New York. This sash fastener comes pretty close to being thief-proof. Of course, the really skilled burglars who own diamonds with which to remove panes of glass would make light of it, but, as their joy lies in overcoming the difficulties of the most impregnable safe, they don't count. The virtue of this little contrivance is that it keeps any one from opening the window any wider than its owner wants it opened. Price, 25 cents.

**WEAR-EVER CAST WAFFLE MOULD No. 340**—Made by the Aluminum Cooking Utensil Company, New Kensington, Penn. This waffle iron is meant for use on the old-fashioned coal range. Its chief claims to the favor of the housewife lie in the ease with which it works on its pivot and the non-stickability of the mould itself. All the difficulties of using a new mould vanish when this aluminum utensil is chosen. Price, \$3.10.

**WEAR-EVER CAST WAFFLE MOULD No. 341**—Made by the Aluminum Cooking Utensil Company, New Kensington, Penn. The only difference between this waffle mould and the other one shown here is in the greater height of the stand, which fits the mould for use over the burner of a gas stove. The housewife who uses it can make waffles over her gas range quite as easily as on the coal range that mother used to use. Price, \$3.40.

**INDIA KANTBREAK KNIFE SHARPENER**—Made by the Pike Manufacturing Company, Pike, N. H., and New York. It has been said that no woman can really put an edge on a knife. But with this knife sharpener the slender shares the fate of that other historic misstatement that a woman can't sharpen a pencil. This is a real sharpener, no mere contrivance of little wheels that seems to flaunt the fact that it was made for feminine use. It is made of fine vitrified stone and all edges are protected with rubber. Price, 50 cents.

**FRICTION TANGLE MOP**—Made by J. M. Sherwood Company, 154 Chambers Street, New York. This small shock-headed object looks like a dish mop, but it is much more effective when it comes to real work. Its flowing locks are red because the soft twine is wound with fine strands of copper and it can scour anything. It is safe for anything but aluminum. Glass, earthenware, enamel ware, tin, all stand its most energetic scrubbing, but aluminum may scratch under its effective ministrations. Four sizes. Prices from 15 to 25 cents.
