**The Nestlé Permanent Hair Wave**

An ordinary "wave" by a so-called hair-dresser means injury to the hair, for the delicate strands cannot stand constant curling with hot irons. Besides, it means an enormous waste of time and a considerable annoyance.

The Nestlé Permanent Hair Wave produces an even more luxurious wave which is permanent as long as the present growth of hair remains on the head. It is also absolutely harmless and takes but two hours of your time.

**Conspicuous nose pores**  
*How to reduce them*

Complexions otherwise flawless are often ruined by conspicuous nose pores.

In such cases the small muscular fibres of the nose have become weakened and do not keep the pores closed as they should be. Instead these pores collect dirt, clog up and become enlarged.

To reduce these enlarged pores: Wring a cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in *very gently* a fresh lather of Woodbury's. Repeat this hot water and lather application several times, *stopping at once if your nose feels sensitive*. Then finish by rubbing the nose for a few minutes with a lump of ice.

Woodbury's Facial Soap cleanses the pores. This treatment with it strengthens the muscular fibres so they can contract properly. But do not expect to change in a week a condition resulting from years of neglect. Use this treatment *persistently*. It will gradually reduce the enlarged pores until they are inconspicuous.

Do this today! A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Go to your druggist or toilet counter today and get a cake. Begin at once to get the benefits of this treatment for your skin.

Woodbury's Facial Soap is for sale by every dealer and druggist in greater New York and, in fact, by dealers everywhere throughout the United States and Canada. Made by The Andrew Jergens Co., New York and Cincinnati.
