The Warmest Christmas Cheer for Your Boy in the Trenches

At the front, cut off from camp or far from the "come and get it" service of the traveling kitchen, Theroz will supply your boy with the means—anywhere or any time—to heat or cook the emergency ration supplied by Uncle Sam.

—will give your boy in khaki the cheer of a hot Christmas dinner wherever he may be, and after the holiday goodies are gone Theroz will do its daily "bit" to give him many of the comforts of home.

Theroz Fuel Cubes are about an inch square. By an absolutely new and patented process a liquid is converted into a solid cube (not a paste). Theroz cannot go liquid and spill, it cannot explode, it cannot be wasted, since it is in units of a cube, and it adds little weight to the soldier's kit. At the scratch of a match you have the full, intense heat of the fuel—there is no waiting for anything to start.

Theroz is "camouflage"—it burns absolutely without smoke, soot or odor to betray the soldier's presence.

What Theroz Fuel Cubes Will Do for the Soldier:

Fry Small Steak or Fish.	Cook Cereal and Eggs.
Fry Potatoes.	Make Tea or Coffee.
Make Pancakes.	Fry Ham and Eggs.
Heat Can of Soup, Beans, etc.	Heat Shaving Water.

Santa Claus is off for the trenches November 15th.
Packages sent after that date will not reach the boys "over there" in time for Christmas.

You send the cubes—We will give the stove

Send your boy at least one can of Theroz Fuel Cubes and a Theroz Blue Flame Stove—he will bless you three times a day. We will go "fifty-fifty" with you in helping to make his Merry Christmas even merrier, if you will take advantage of the following Introductory Offer:

Theroz Blue Flame Stove FREE with One Full Size Can of 25 Theroz Fuel Cubes Both for 35c Regularly 60c

ANOTHER reminder of the need and the beauty of proper foundation planting.

—which must be done wisely if it is to be done well. From our many years of experience and our knowledge of this climate, we can supply the wisdom and guarantee complete success, both practical and aesthetic, without excess tax for our expert knowledge. You pay simply for two plants and the planting, at prices no higher than elsewhere. The planting shown above is the result of our intelligent work for a Long Island commuter. Most in evidence are Japanese Yew and other dwarf evergreens. There is nothing better or richer than Japanese Yew for foundation planting.—It is dark, rich and lively, equaling the old dwarf boxwood and exceeding it in hardness. You can trim to a round dome or let it grow in the picturesque Japanese style. This and other dwarf evergreens fulfill the requirements of covering the bare foundation line, and yet not growing large too quickly. Put up the problem to us, and we will weave a rare tapestry for you in a surprisingly small area. Come and talk it over, or write us, or phone, out to us, please, right away; for we can serve you best if you get us started now in the ideal fall-planting time.

There Is Wealth In Your Old-Fashioned Gowns

More this year than ever the materials and trimmings of your old gowns should be conserved. Send your Old Gowns to MME. ROSE and discover what dreams of original styles can be produced with them. When you receive your gown from us, you will realize that to have purchased a new one of inferior materials and poor workmanship at two or three times the cost of reconstruction would have been folly.

If the prices quoted are not entirely satisfactory, gowns will be returned to you by express prepaid.
