30 E. 43 St., Dept. A13, N. Y. C.

**La-May Face Powder Is Pure!**  
—No White Lead—No Rice Powder—  
It Really Stays On Better Than Any Other.

Up to the present time it has been almost impossible to get a face powder to stay  
on longer than it takes to put it on. You powder your nose nicely and the first gust  
of wind or the first puff of your handkerchief and away goes the powder, leaving  
your nose red, shiny and conspicuous, probably just at the very moment when you  
would give anything to appear at your best. A specialist has at last perfected a pure  
powder that really stays on; that stays on until you wash it off. It does not contain  
white lead or starchy rice powder to make it stick. This improved formula contains  
a medicinal powder doctors use to heal the skin. White lead poisons the skin and rice  
powder turns into a gluey paste that encourages enlarged pores, blackheads and rice  
powder pimples. In fact, this new powder helps to prevent and reduce enlarged pores  
and irritations. It is also astringent, discouraging  
flabbiness, crow's feet and wrinkles. To get this un-  
usual powder learn to pronounce the name correctly.  
It is called La-may (French, Poudre L'Ame). Be-  
cause it is pure and because it stays on better than  
any other, it is already sold by thousands of dealers  
everywhere. There are two sizes. The large size is  
only fifty cents and the half size is twenty-five cents.  
When you use this delightful La-may and you see  
how wonderfully it beautifies your complexion, you  
will understand why it so quickly became one of the  
most popular complexion powders sold in New York.
