La-May Face Powder Is Pure!

No White Lead—No Rice Powder—
It Really Stays On Better Than Any Other.

Up to the present time it has been almost impossible to get a face powder to stay on longer than it takes to put it on. A specialist has at last perfected a pure powder that really stays on; that stays on until you wash it off. It does not contain white lead or starchy rice powder to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores and irritations. This improved formula contains a medicinal powder doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and irritations. It is also astringent, discouraging flabbiness, crow's feet and wrinkles. It is called La-May (French, Poudre L'Amee). Because it is pure and because it stays on better than any other, it is already sold by thousands of dealers everywhere. The large size is only fifty cents and the half size is twenty-five cents. When you use this delightful La-May and you see how wonderfully it beautifies your complexion, you will understand why it so quickly became one of the most popular beauty powders sold in New York.
