

LIVING at the seashore? Do you miss the beauty and shade of trees, the fragrance of flowers, the protection and privacy of shrubbery, the fun and economy of a vegetable garden? You can have them all—guaranteed to live and to grow plentifully—if you ask us to help, for we have made a special study of seashore planting for many years, and have won out under most adverse conditions, particularly along the Long Island shore—as in the case shown above, on Fire Island. The secret is in knowing what to plant, and in planting thickly, for mutual protection. We can provide a windbreak that will not only be attractive itself but enable you to realize your most cherished flower-garden dreams—yes, right at the seashore. And now is just the time to get busy and plan it all—for you are on the ground and can have it done just as you want it. We will gladly send a representative without cost to you to talk it over and picture to you just what can be done. Shall we send him—and when?

The Nestlé Permanent Hair Wave

We have always taken especial care of the hair of those who visit our establishment and have never allowed anything but steam to produce the desired results. We are one of the most successful permanent waving establishments in existence, not because we are the originators, but because we leave the hair free from foreign substances and do not give it the blistered, harsh appearance so often noted.

THE NESTOL COMB

Our new water-waving device increases its popularity every week. It is invaluable after a permanent wave or where one's hair shows a natural tendency to wave.

Price for permanent waving from \$12.00 up, for the Nestol Comb (complete as illustrated), \$2.00 and \$2.50.

Illustrated and descriptive booklet is sent free.

La-May Face Powder Is Pure!
—No White Lead—No Rice Powder—
It Really Stays On Unusually Well.

Up to the present time it has been almost impossible to get a face powder to stay on longer than it takes to put it on. You powder your nose nicely and the first gust of wind or the first puff of your handkerchief and away goes the powder, leaving your nose red, shiny and conspicuous, probably just at the very moment when you would give anything to appear at your best. A specialist has at last perfected a pure powder that women say stays on wonderfully well. It does not contain white lead or starchy rice powder (Poudre de Riz) to make it stay on. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores and unsightly complexions. This improved formula contains a medicinal powder doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and irritations. It is called La-may (French, Poudre L'Amé). Because it is pure and because it stays on so well, it is already sold everywhere. The large size is only fifty cents and the trial size is twenty-five cents. When you use this delightful La-may and see how wonderfully it beautifies your complexion, you will understand why it so quickly became one of the most popular complexion powders sold in New York. If your home dealer is sold out you can order by mail of Herbert Roystone, 16 E. 18th St., New York.
