5 Quarts of Milk In One Small Package

Here's a great boon to housewives. Dry, flaky, concentrated milk crystals, with which you can make milk for cooking as you need it, at considerably less than you would pay for ordinary milk. The small, blue-striped package contains enough Krystalak to make 5 quarts of pure separated milk. Use in all cooking requiring milk. Endorsed by Dr. Wiley, Good Housekeeping Institute and other leading domestic science authorities.

KRYSTALAK

A Great Household Convenience and Money Saver

KRYSTALAK is the solids of fresh liquid skimmed milk, dried and packed in clean, sanitary containers at the source of supply—one of the richest dairying districts of New York State. Contains no added sugar, no preservative, no adulterant and keeps for weeks in a dry place. No refrigeration required.

To prepare KRYSTALAK use 4 level tablespoons to one cup of water. There's no waste in KRYSTALAK—no losses through the milk souring. The milkman may

fail you but KRYSTALAK is right at hand. Try a package and be convinced that KRYSTALAK should always be kept in your kitchen.

FREE—Write us for the attractive Krystalak booklet of fine recipes, or get one at any store listed below. Try Krystalak at our expense. It will save time and money for you. Demonstrations all this week at Charles & Co. and Bloomingdales', New York; Abraham & Straus, Brooklyn, and Efficiency Kitchen, Greenwich, Conn.

For Sale at Your Grocers or Any of the Stores Listed Below

Abraham & Straus, Bloomingdale Bros., Charles & Co.,
R. H. Macy Company, Park & Tilford,
and at other good stores in New York and suburbs.
