The right way to shampoo

How this treatment helps your hair

To keep your hair lovely and abundant you must, by the proper treatment, keep your scalp healthy and vigorous.

Is your hair dull and lifeless? It can be made rich and lustrous. Is it greasy, oily, or dry and brittle? You can correct the condition which prevents the tiny oil glands from emitting just the right amount of oil to keep your hair soft and silky.

Try this famous shampoo

Before shampooing, rub the scalp thoroughly with the tips of the fingers (not the finger nails), making the scalp itself move in little circles. This loosens the dead cells and particles of dust and dandruff that clog up the pores.

Now scrub the scalp with a toothbrush lathered with Woodbury's Facial Soap. Rub the lather in well, then rinse it out.

Next apply a thick, hot lather of Woodbury's Facial Soap, and leave it on for two or three minutes. Clear off with fresh, warm water, finishing with cold water. Dry very

thoroughly. You will enjoy the healthy, active feeling it gives your scalp. You will soon see the improvement in your hair—how much richer and softer it is.

For ten or twelve shampoos, you will find the 25c cake of Woodbury's Facial Soap sufficient, or for a month or six weeks' general cleansing use. Get a cake today. Woodbury's is for sale at drug stores and toilet goods counters everywhere throughout the United States and Canada.

Send us 6c for a trial-size cake, together with a booklet of the famous Woodbury face and scalp treatments. Or for 12c we will send you, in addition to these, a sample of Woodbury's Facial Powder. Address The Andrew Jergens Co., 35 Spring Grove Avenue, Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, 35 Sherbrooke Street, Perth, Ontario.
