

The new steam treatment for pale, sallow skins

If your skin is pale and colorless, try this new steam treatment for it. Steam penetrates the skin in a way water alone cannot do. It enables you to cleanse thoroughly the pores that have become clogged, to stimulate inactive blood vessels and give the skin new color.

To make your skin soft and colorful, one night a week fill your bowl full of hot water—almost boiling hot. Bend over the top of the bowl and cover your head and the bowl with a heavy bath towel, so that no steam can escape. This opens the pores wide, stimulates the tiny blood vessels of the face and brings the blood to the surface.

Now lather a hot cloth with Woodbury's Facial Soap. With this, wash your face thoroughly, rubbing the lather well into the skin in an upward and outward motion. Then rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice. This closes the pores and makes the skin firm in texture.

The very first time you use this Woodbury steam treatment, your skin will begin to show

more color. The other six nights of the week, clean your skin thoroughly in the usual way with Woodbury's Facial Soap and warm water.

Get a cake of Woodbury's and begin tonight the treatment your skin needs. You will find Woodbury's Facial Soap on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

Write today for a week's size cake

For 6c we will send you a trial size cake of Woodbury's Facial Soap large enough to last for a week of any Woodbury treatment, together with the booklet, "A Skin You Love to Touch," giving the famous Woodbury skin treatments. Or for 15c we will send, in addition, samples of Woodbury's Facial Powder, Facial Cream and Cold Cream.

BOHN SYPHON REFRIGERATOR

The lining of porcelain fused into steel (a single piece in all but the very largest models) is far different from the ordinary enamel paint which is so often called "porcelain." The Bohn porcelain will not crack or chip. The corners are round—no place for food particles or dirt to lodge. The drain is in front, where it can be cleaned easily and frequently without removing the food.

The Syphon System of rapid-air circulation from ice to food compartment, and the 10-layer, heat-resisting walls (including the famous Flaxinum insulation) hold the temperature very low and the air very dry. The Bohn Syphon is a great ice-saver. Think what this will mean this summer, with price of ice probably the highest ever known.

Bohn Syphon and other Bohn Refrigerators are shown here in great variety, at prices from \$19 up. If you cannot call, write for a catalog.

Educate your nails Lustr-ite them

BE proud of your nails! Keep them at their greatest perfection—exquisitely shaped, daintily polished, smoothly edged with cuticle that has not been marred by scissors or acids. The Lustr-ite method of caring for the nails, following nature's gentle training process, produces not only superior, but lasting, nail beauty.

The booklet illustrated below shows you with photographs just how to give yourself a perfect manicure. We will send it free with sufficient Lustr-ite Cuticle Ice to soften and train your cuticle.

The four essentials for manicuring the Lustr-ite way can be purchased separately or in convenient sets. They include:

- Lustr-ite Cuticle Ice
- Lustr-ite Salve
- Lustr-ite Nail Cake
- Lustr-ite Nail Whitener

This is your book!

Write your name on it and clip it out. Send for your copy and free sample of Cuticle Ice to Lustr-ite Corporation, 52 Fulton St., Brooklyn, N.Y.

The Best Way to Use Rouge

The specialist who created the wonderful La-may Face Powder has invented a new rouge. The rouge is inside the puff. All you do is to rub the puff on your face. It comes through the puff just as you need it. It goes on splendidly and stays on the face until you wash it off. The puff is in a dainty metal box. The box cannot break and the rouge will not crumble like the old-fashioned kind. This newly invented rouge is called La-may (French, Rouge L'Amé). It gives a beautiful color that looks natural under the strongest light. There are two colors—medium and dark. The fifty-cent package will last six months, yet the box is small enough to fit your purse. When you use this pure, harmless Rouge and see how much more convenient it is and how much bet-
