*Dresses whose Parisian Authenticity is Unquestioned*

THE Parisian element in the designing of dresses never meant more to the American lover of fashion than it does today. But milady is becoming more and more skeptical of the authenticity of her so-called "Parisian creation."

It is with pleasure, therefore, that we offer Maison Haas dresses to those stores that desire to uphold the integrity of their reputation.

Maison Haas dresses are dresses not just "brought over from Paris," but created and developed in their entirety by our own skilled staff of dress designers who live in absolute subservience to French dictation and inspiration!
