Put a Bottle in
Your Refrigerator
And See What Happens

A bottle of milk, grape-juice, mineral water—anything—leave it in a few hours, and see if it is wet and grimy to the touch when you take it out. Do you know that that grime comes from impurities and smudge in the air and ice, and that that dampness catches the milk and plaster it all over bottles, food, etc.?

Now just call at our showrooms, 53 West 42d St., and let us show you the famous

BOHN SYPHON REFRIGERATOR

We will show Bohn Refrigerators fully loaded with everything—food, walls, shelves, etc.—as dry as a chip, very clean and very cold.

The Bohn Syphon keeps up a rapid circulation of pure, cold, dry air and holds the temperature to 40°. That is why the roads and car builders have almost without exception installed the Bohn Syphon in their refrigerator and dining cars.

Model No. 43, Style A, (illustrated above), size 32x14x18, inches, ice capacity 125 pounds, price \$50, is an exceptional value. Many other styles and sizes—all reasonably priced—all beautifully made—all with the wonderful Bohn System. Call or write for illustrated catalogue. We are the manufacturers, not middlemen or agents.

Pathephone
THE NEW PHONOGRAPH

A good phonographic reproduction can be had only through the use of the PATHE UNWEARABLE Sapphire Ball. Above are shown the two means of reproducing the sounds. The first is a sapphire of round shape, the other a sharp-pointed needle. Imagine these two ends rubbing on a surface of only moderate hardness. Which one will scratch that surface? The answer is evident.

Garden Full of Gladioli
for \$1.00

The Gladiolus is one of the most satisfactory flowers grown because it blooms continuously when it is cut and put in water, just as well as when in the ground.

There is no reason why every family cannot enjoy this grand flower, for the simple reason that it is as easy to grow as the potato.

You can have them in bloom from July to frost if you plant a few bulbs each month from April to July.

For only ONE DOLLAR we will send 75 bulbs of our Grand Prize Mixture, which covers every conceivable shade in the Gladiolus kingdom.

Last year we sent 250,000 of the bulbs and have received hundreds of testimonials as to their merits.

ORDER YOUR BULBS NOW so as to have them to plant when you begin making your garden.

Simple cultural directions in package. Cut out this advertisement and enclose with Dollar Bill, Stamps or Money Order, or present at our store and secure this splendid collection of Gladiolus Bulbs for only \$1.00, prepaid to your home anywhere in the United States, with our 1915 Spring Catalogue.

FOR THE DEAF

The "Lorgnette" Does Away with Trappings.

Why not hear gracefully instead of wearing headbands, cords, transmitters and batteries which disfigure your costume and call attention to your deafness. The "Lorgnette," the newest of hearing instruments, is made in one piece with battery in the handle. No plugs, no broken connections, to annoy you. Can be used on either ear and is always ready for use.

We'll remodel your old style instrument into a graceful "Lorgnette," if possible. If not we'll make you a liberal allowance on it in exchange. Test the "Lorgnette" at our office. It is guaranteed for ten years.
