

AUTOMOBILE BASKETBALL BILLIARDS GAMES

FINE HOME FOR THE UNION CLUB

Cornerstone of New Building Is Laid by Club Officers with Appropriate Ceremonies.

MR. SHATTUCK'S PROPHECY

Former President Predicts that Motor Vehicle Will Disappear, To Be Replaced by Flying Machine.

With appropriate ceremonies the cornerstone of the new club house of the Automobile Club of America, in Fifty-fourth street, between Broadway and Eighth avenue, was laid yesterday. Dave Schenker, president of the club, A. R. Shattuck, former president, and Dr. Schuyler Beach Wheeler, chairman of the Building Committee, were the principal speakers.

Mr. Schenker said that it was only a few years ago that the club was organized, with honesty, courage and conviction as its motto. He declared that not only was the club formed for social purposes, but that it typified a great idea. The new building would be a monument, he said, not only to pleasure and sport but to the advance of civilization and the mainpring of future development.

Mr. Shattuck read a prophecy on "The Future of the Automobile," quoting from the Bible: "The chariot shall race in the streets, they shall battle one another in the streets, they shall run like the lightning."—Nahum, chap. II, v. 3.

"Some hundred years ago," he said, "the first of the wonders of the twentieth century would produce, the wonders of electricity, the wonders of steam? In this age of progress, it is fitting that the telephone and wireless telegraphy; the compound steam engine to the turbine engine; the horse to the automobile. Assuming that the horse to be as much progress each decade to come as each decade already passed, who can say this prophecy will not come true? The horse will become a draught and riding animal; the traffic of the world will be carried on broad, dustless highways by the automobile; the railway will fall into disuse; its cost will be wealth lost. There will remain but a right of way and a track of rails.

"The automobile in its turn will disappear, to be replaced by the flying machine, and our children's children will wander their fathers' steps along dusty roads harassed by speed laws as they shoot through the air, even to other stars, and say with Emerson, 'Hitch your wagon to a star!'"

The actual laying of the cornerstone was performed by Dr. Wheeler. He said that the ceremony symbolized much more than the construction of a building. It stood for the creation of a structure having many features to facilitate and encourage the use of the horseless vehicle, its safe keeping, the improvement of the many features of the mechanical arts, the making of accurate tests and measurements and to serve as headquarters from which may be conducted the work of improving the outside conditions relating to transportation.

As evidence for future generations the following articles selected as best showing the status of the art and the sport of automodelling were deposited in the building.

"A History of the Club," by George F. Chamberlin; the club badge, the present automobile laws of all the States, maps showing good roads, published by the club for the use of its members; a model of an automobile, a pair of touring goggles, a statement of actual rights by the Wright brothers, the proof sheets of "Three Men in a Motor Car," by H. S. Bennett; the prophecy, "The Future of the Automobile," by Albert R. Shattuck; a book, "A Journey Through Other Worlds," a "Romance of the Future," by Colonel John Jacob Astor; current numbers of the automobile trade journals, the other gains of the United States and the daily newspapers of New York city of yesterday's date.

The new building will have a frontage of 22 feet, will be eight stories high, with a front of granite, white brick and terra cotta, the upper portions being as nearly stories in rows and levels, but spaces reached by a large entrance and a separate exit for cars, will serve as an immense foyer in which many can assemble. The upper stories will be served by two electric elevators of the largest size. The cars as a rule will be stored in rows and levels, but spaces reached by a large entrance and a separate exit for cars, will serve as an immense foyer in which many can assemble.

LAYING CORNER STONE OF THE AUTOMOBILE CLUB OF AMERICA BUILDING

W. W. Niles, Colgate Hoyt, A. R. Shattuck, General George Moore Smith, Dr. S. S. Wheeler, G. F. Chamberlin.

FAVORITES USE BASKETBALL GAMES

University Settlement and Y. M. H. A. Junior Fives Meet Defeat by Close Margins.

IN LIGHTWEIGHT TOURNEY BEATEN BY CALVIN DEMAREST

Surprising reversal of form marked games played last night in the tournament for the Junior Amateur Athletic Union championship in progress on the court of the Young Men's Hebrew Association. The fast five of the University Settlement, and the Young Men's Hebrew Association were defeated by the Christ Church A.C., and the Prospect Park Y.M.C.A., respectively.

Many expert followers of the game had picked out the university five to go through the championship series without a defeat, and the Y.M.H.A. Centrals were thought to stand the best chance of meeting them for premier honors. The Settlement boys, however, caught a tartar in the Christ Church quintet, and were beaten after a nip and tuck struggle, by the scant margin of two points, the final score being 18 to 16.

The local was taken early in the game by the Young Men's Christian Association boys, and although they never lost, the Centrals held them several times. There was lots of rough work and holding and tripping tactics which kept the officials busy. Campbell, of the Brooklyn team, played the best game seen on the court for the evening. He dropped in six goals from every possible angle. Calen, of the opposing team, was not far behind him, locating the cage for five tallies.

Another neck and neck struggle developed in the closing game of the evening, when Company K, of Hoboken, defeated the Cavalry A.C., by a score of 17 to 15. The game was practically a repetition of the two preceding, but the play was the more scientific in passing and team work and much freer from foul tactics.

Bill provides for State Commission. ALBANY, N. Y., Wednesday.—Jefferson D. Mont Thompson, chairman of the Racing Board of the American Automobile Association, has written a strong letter to Mr. Stanley, of New York, who introduced the State Automobile Commission bill in the Assembly, favoring the passage of the bill. There was to have been a hearing on the bill to-day before the Ways and Means Committee of the Assembly, but it was postponed until next week.

Mr. Stanley's bill provides for a State commission of three members, with an office in Albany and branch offices in New York and Buffalo. Each motor vehicle must be registered and each chauffeur licensed before he is licensed after an examination. The bill is said to be modeled on the French law.

NEW YORKER THIRD WRESTLING HONORS

J. Ferdinand Poggenburg Loses Second Place in National Amateur Championship Tourney.

Several clever exhibitions of wrestling were witnessed in the annual members' championship tournament at the New York Athletic Club last night. Catch-as-catch-can rules prevailed. Bouts were restricted to ten minutes. In the event of a draw the referee had the power to order extra bouts of ten minutes. There were two extra bouts. Richard Jaekel, winner of the championship in the welterweight class, figured in one of these. After taking premier honors at his own weight Jaekel tried for the championship in the middleweight class, and made a fine showing against Frederick Narganes, the club's champion, at 155 pounds.

In the first bout the pair wrestled so evenly that the referee, Dr. Ely, could not select the winner, and ordered the men to rest three minutes and wrestle for another ten minutes. This time the superior weight of Narganes told, and he scored a fall with a bar and neck hold after four minutes and thirty seconds. Narganes is the holder of the Howard and Ottman medals.

In the final bout of the 125 pound class W. P. Baxter, who is on the short order, wrestled Dr. George Dodge, who was head and shoulders taller. Honors were even at the end of ten minutes and the referee ordered an extra bout. Baxter was very aggressive and pinned Dodge's shoulders to the mat with a bar and neck in 2 minutes and 30 seconds. Baxter won the event a year ago, and his victory last night obtained for him the ownership of the Harrod medal.

J. Echeverria retained his title of heavyweight champion by defeating R. L. Scott and D. C. Newton. The summaries: Special Weight, Limit 125 Pounds.—First Bout—Dr. George E. Dodge defeated W. W. Swan, Time, 10m. Dodge got the decision for the most work. Final Bout—W. P. Baxter defeated Dr. Dodge. They wrestled ten minutes. An extra six minutes was ordered and Baxter scored a fall after 2m. 30s. of wrestling. Middleweight Class.—First Bout—E. A. Jurgensen, Time, 5m. 30s. Final Bout—J. Narganes defeated R. Jaekel. They wrestled ten minutes to a draw.

Notes of the Cue Men. In the matches between Hoppe and Gallagher, both playing 18 holes, Gallagher was the victor in respect of practice balls. Hoppe ran 300 in the afternoon to his opponent's 27. The leader's average was 1.4 and his high run was 41 and 40. In the evening Hoppe scored his best round while Gallagher was compiling 67. Hoppe's average was 1.1-24 and his high run 71. The totals for the six games are: Hoppe, 1,884; Gallagher, 1,640. Hoppe being 427 behind his schedule score.

Entries have closed for the 18-2 balliard championship of the world, with the following: Jacob Schuster, George Slosson, Ora Morningstar, George Sutton, Louis Carr and A. G. Cutler.

Special Notices. A TORPID THINKER. The Frequent Result of Coffee Poisoning. A Toledo, O., business man says that for three years he had no appetite for breakfast; that about once a month he ate solid food at that meal, generally contenting himself with his cup of coffee and having no desire for anything else.

WRESTLING HONORS FOR N. Y. A. C. MEN

Last Year's Winners Hold Their Own in Championship Bouts on the Mat.

Several clever exhibitions of wrestling were witnessed in the annual members' championship tournament at the New York Athletic Club last night. Catch-as-catch-can rules prevailed. Tired of Life Awful Suffering

From Dreadful Pains from Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks.

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work.

"Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the praise that I gave after the second application is beyond description; it seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure can hardly believe their own eyes."

Aug. 21, 1905. Newburgh, N. Y. Sold throughout the world. Cuticura Soap, 25c.; Ointment, 50c.; Resolvent, 50c. In form of Pills, 25c. per trial of 60, may be had of all druggists. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free. "The Great Skin Book."

A Friend in Need

Indigestion Headache
Dyspepsia Diarrhoea
Torpid Liver Flatulence
Appendicitis Hives
Rheumatism Jaundice
Catarrh Nausea
Colic Vomiting
Scrofula Pimples
Womanly Troubles
Worms
Piles
Ulcers
Blisters
Eczema
Dysentery

In such cases a little Cascaret in time is worth fifty dollars' worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy and loss of Social Sunshine it saves.

A coming Headache can be warded off in short order by a single Cascaret and the cause removed. Heartburn, Gas-belching, Acid-risings in the throat and Colicky feeling are sure signs of bowel trouble from food poisons, and should be dealt with promptly. One Cascaret will stop the coming trouble and move on the Bowel load it taken at the first signs. Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

All Druggists sell them—over ten million boxes a year. Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

FREE TO OUR READERS. It has been arranged to mail free a beautiful little French-designed GOLD-PLATED toilet box, hand-somely in pretty colors, a handsome ornament, most liberal offer ever made, and we want every reader to have one. Ten cents in stamps is asked as a measure of good faith, and to cover cost of Cascarets with which this little box is mailed. Address: Sterling Remedy Company, Chicago or New York.

THE WHISKEY OF REFINED TASTE HUNTER RYE. THE RATE IS LOW Why don't you go? California \$33 From Chicago, one way, second class, Daily, until April 7. Good in tourist sleepers and chair cars; berth rate extra. You ride along the old Santa Fe Trail. Block signals, Harvey meals and fast time. Ask Santa Fe agent, 317 Broadway, New York City.

WERE THE PUBLIC TO KNOW ABOUT COCOAS WHAT WE KNOW THEY WOULD USE. After a hard fought game —on links or court, a mountain tramp or a shopping tour, a cup of beef broth made with ARMOUR'S EXTRACT OF BEEF restores the tired nerves and played-out muscles. Sold by all druggists and grocers. ARMOUR & COMPANY, Chicago. REYNOLDS' GOUT Specific. Jayne's Sanative Pills. A gentle, certain laxative.
